

# Horses

Horses being transported by trailers can enter off of hwy. 52 into the grassy lane just below School Drive just past where the Emergency Vehicles will be staging, then proceed to the area beside the Ball Field stage your horses somewhere around where the flag pole is located.

We are asking everyone with horse trailers if you would "please", after your horses are unloaded to take your trailer to Brahm Trucking or a location outside of town and park them, horses can then be reloaded after the parade, the City of Lebanon is kindly running their street sweeper for us and will be following a short distance behind the horses so our roads are kept clean.

We would appreciate your cooperation, thank you!
