

Motorcycles & ATV's

Will enter off of hwy. 52 onto the road in front of the Loretto Seniors Citizens Building and will need to proceed up that road to the front side of the tan metal building for staging.

ATV's will do the same as motorcycles, but ATV's being hauled by a trailer and needing to unload will have to enter into the grassy lane just below School Drive & hwy.52, then they can be ridden over to the road in front of Loretto Seniors Citizens, then proceed to the tan metal building for staging.

We are asking everyone that hauls their ATV and unloads by the Ball Field, after unloading take your trailer to Brahm Trucking after the parade then you can reload, because once everyone has proceeded through town the roads to general traffic will reopen and at that time ATV's are not legally permitted to be on the highway.

Your cooperation will be greatly appreciated. Thank You
